- History, including 20th century national and international political history
- English language and culture

Cand. Philol. (equals an extended MA or limited PhD)

Personal skills and competences

Languages

Mother tongue: Norwegian

English: Excellent

German: Basic

Social skills and competences

Living and working with other people, in multicultural environments, in positions where communication is important and situations where teamwork is essential (for example culture and sports), etc.

Through my work I have been actively involved in networking both on a national and international basis (Nordic co-operation, the OECD Working Party on Technology and Innovation Policy, the OECD Committee on Technology and Science Policy, the EU Trend Chart on Innovation, EU Framework Programme projects etc.). I was Chair of OECDs Steering Group on Governance of International Co-operation on Science, Technology and Innovation for Global Challenges (STIG 2012). I am a member of UNESCO and Riel Miller's international network of future literacy specialists.

I have been politically active and have had a position of trust in a local society/association.

Organisational skills and competences

Coordination and administration of people, projects and budgets; at work, in voluntary work (for example culture and sports) and at home, etc.

I have had leadership positions or have been project coordinator in all the organisations listed above.

Examples of project coordination: I was leading the EU 5th Framework Programme Project PUBLIN, on innovation in the public sector 2003-2005. I coordinated the Nordic Innovation Centre's projects Good Practices in Nordic Innovation Policies (GoodNIP) and Foreign takeovers in the Nordic Countries (FOTON). I was Senior Analyst for the Nordic Countries in the EU Trend Chart on Innovation when working at NIFU STEP. I coordinated the Science Project (Vitenskapsprosjektet og Vitenskapsåret) in the Ministry of Education and Research and the Dream Commitment (Drømmeløftet) of Innovation Norway. I have been member of EC DG Research peer review panels for Estonian and Bulgarian RTDI policy mixes (2007 and 2008), as well as two panels for recommendations regarding the science policy of South Africa.

In the Ministry, I represented one of the labour organizations.

From 1998 to 20012 owned and administered Pandia, an English language web site on search engines, web searching and search engine marketing together with my wife Susanne. The site was well known internationally and had some 5000 unique visitors daily. <http://tinyurl.com/mg4usz9>

Technical skills and competences

With computers, specific kinds of equipment, machinery, etc.

I have a very good knowledge of word processing, HTML and Web design, Wordpress and Blogger, implementation of Perl scripts, online search engine technology and more. I have good knowledge of programs like Excel, Powerpoint, and graphic design software (especially Photoshop). I know both the Windows and the Macintosh platforms.

Artistic skills and competences

Music, writing, design, etc.

I was involved in writing the libretto of an opera commissioned by the Norwegian opera company Opera Vest in Bergen.

I have written many speeches for Norwegian Ministers of Education, Research and Church Affairs, including Gudmund Hernes, Reidar Sandal and Jon Lilletun, as well as the directors of The Research Council of Norway and Innovation Norway.

I was previously member of the editorial committee of the magazine Schola, and edited the online version of this publication. Schola was owned by the Norwegian Ministry of Education, Research and Church Affairs and was distributed to relevant educational institutions. I was the editor Innvasjonsbloggen, Innovation Norway's innovation policy blog.

I have designed several Web sites, including the above mentioned Pandia site.
